## Lehrveranstaltungen mit internationalem Bezug auf Englisch

### Campus Benediktbeuern – WiSe 2020/21

---

Als Teil der Internationalisierungsstrategie *Internationalisierung@home* werden an der KSH München im Studiengang B.A. Soziale Arbeit Veranstaltungen (Regel- und Blockveranstaltungen) zu internationalen Themen auf Englisch angeboten. Die Themen sind Migration und Flucht, Diversity, Rassismus und Privilegien und vieles mehr.

Dadurch könnt Ihr Euch mit internationalen Themen und Englisch auseinandersetzen, ohne z.B. an einer Semestermobilität teilzunehmen. Die Veranstaltungen dienen natürlich auch der besseren Vorbereitung auf ein Theorie- oder Praxissemester im Ausland.

Im WiSe 2020/21 könnt Ihr eine digitale Regelveranstaltung im Modul 3.9 belegen und ein Blockseminar im Modul 4.1/4.2.

Traut Euch, diese Veranstaltungen zu belegen, auch wenn sie auf Englisch durchgeführt werden. Die Lehrenden wissen, dass Ihr keine „native speaker“ seid und nehmen darauf Rücksicht. Außerdem könnt Ihr in diesen Veranstaltungen eine Prüfung machen, müsst dies aber nicht, sondern könnt auch „nur“ Teilnahmen erwerben.

Alle Lehrveranstaltungen mit Inhaltsbeschreibungen sind im Vorlesungsverzeichnis aufgelistet. Hier findet Ihr aber Hintergrundinformationen zu den Gastprofessor\*innen und Praktiker\*innen, die im WiSe 2020/21 an der KSH München Campus Benediktbeuern auf Englisch lehren.

Viele kommen extra für die Veranstaltung angereist und wir vom International Office sind sehr stolz, solche spannenden und interessanten Lehrenden gewinnen zu können. Daher bitte auch immer die Veranstaltungen besuchen, das gebietet schon das Prinzip der Höflichkeit und Gastfreundschaft.

Und als erste Kostprobe sind nun alle weiteren Informationen auf Englisch aufgeführt.

Enjoy reading!

*Euer International Office*

## Modul 4.1/4.2

Petra Hilgers / Trupti Patel:

Thursday 13:30 – 15:00

**Race, Power & Privilege in Social Work:** Digital seminar  
using creativity to explore the dynamics of  
difference

Content: This seminar will support participants on a personal journey, using creativity, dialogue and reflection to explore my own social conditioning, recognise where it creates barriers for connection, explore ways to deepen my understanding of others in order to create more meaningful relationships in my work.

By the end of the seminar we will have (a) deepened empathy for myself and others in dealing with the difficulties inherent in connecting across difference, (b) acknowledged the role we play in upholding systemic oppression, (c) developed greater sensitivity to barriers others experience due to systemic and historic power imbalances, (e) deepened our awareness of our own privileges and how they shape our lives, and (f) developed more confidence in addressing power imbalances in social work.

This seminar is interactive with space to reflect, learn and connect; it involves personal sharing to enable personal development and we expect students to be willing to engage with subjects that might be uncomfortable and be mindful of personal triggers. We will work with creative approaches including photography, drawing, body work, image based work and writing; we will also use discussion, group work and games to develop learning. We will draw on contemporary and historic research with recommended readings, videos and talks online. We will invite students to keep a journal for their own insights, thoughts and reflections.

Rossi, Alexia / Caruana, Julian:

Pre-Session

Friday, 20.11.20: 09:00 - 18:00

Working with Traumatized Refugees and  
Asylum Seekers

Saturday, 21.11.20 09:00 - 18:00

After-Session

**Content:** This course will allow students to re-visit the phenomenon of becoming a refugee through a presentation of the push factors in a number of countries of origin and of the treacherous journey forced migrants embark on in search of refuge. In light of the humanitarian crises the Mediterranean is recurrently facing, special attention will be dedicated to the Central Mediterranean route and to the harsh reception conditions asylum-seekers face upon arrival in Mediterranean countries such as Malta and Italy. This course will also introduce students to the construct of trauma and provide them with the opportunity to familiarize themselves with the root causes of traumatization in the refugee experience and how traumatic exposure may impact these individuals' lives. The second part of the course will involve the teaching of aptitudes and skills that would enable students to identify and respond effectively to traumatized refugees they may encounter in their work. In this regard, this course will cover several areas including the identification of signs of post-traumatic stress, appropriate referral to relevant services, acting within the limits of one's professional capacity as well as the management of the risk of harm in the case of traumatized individuals. Furthermore, skills enabling the formation of a positive helping relationship and the provision of basic emotional support will also be discussed and practiced. Ethical issues such as maintaining appropriate boundaries and upholding the client's confidentiality will also be taken in consideration.
